## WHY OPT FOR AN OPC QUICK START?

*Are you already using Primavera P6 or another planning tool? Gain insights into the various configuration options within Oracle Primavera Cloud through the OPC Quick Start. Take the Quick Start and transition swiftly!*

## READY FOR USE

*Configure all your tool objects based on high-level requirements with the assistance of our experienced Application Consultants. Enable users to create and manage new project schedules, conduct risk analyses, and generate project portfolio cross-sections immediately.*

## CUSTOMIZED IMPLEMENTATION

*Acquire specific project templates or tailored reports that align with your requirements and harness the full potential of Oracle Primavera Cloud. As a preferred partner, you benefit from over 35 years of experience in implementing Primavera!*
